AA 167th Birthday Party
Tales from the Woods: A Theatre of Birthday Party
Friday 10 October, 6.00–1.00
34–36 Bedford Square

The AA Council and School Director Brett Steele invite all members of the Architectural Association to a celebration of the founding of the AA, 167 years ago.

A strong thread of performance-based projects has run through the AA's history since the nineteenth century. The 167th AA Birthday Anniversary reintroduces this legacy of theatre and performance as the Georgian buildings comprising the AA's home will be transformed into an immersive theatre. The programme is designed, created, built, performed and managed by AA students past and present for the AA community and friends.

Guests will enjoy various choreographed happenings, encounters, music and more throughout the evening.

All students, tutors, members and their guests welcome.

Dress code: Autumn colours

Exhibitions

Exhibitions are open from Saturday 4 October to Saturday 1 November, Monday to Friday 10.00–7.00, Saturday 11.00–3.00

Ordinary Takeover
AA Gallery
Ordinary Ltd is an unorthodox architecture and design studio run by AA alumni, Magnus Larsson and Alex Kaiser, positioned at the intersection of architecture and material science. For Ordinary Takeover, the firm relocates its creative studio from East London to the AA Gallery to work out of the school’s premises for the duration of the show.

On display are Ordinary's first forays into these uncharted territories: a plethora of conjectural schemes – such as magnetic skins, bacterial sandstone cities and buildings made from milk – that challenge the status quo and show that matter matters. Inside the gallery, Ordinary has built six research departments, in areas ranging from synthetic biology to ceramic engineering, for experiments and the presentation of architectural projects. Ordinary Takeover will also host a programme of events, talks and workshops in the gallery.
